SHG GREENHOUSE MANUFACTURING

www.shggreenhouse.com

HISTORY

SHG has designed, engineered, manufactured, and installed greenhouses since 1980's. For over 30 years, we have provided various kinds of greenhouses to our customers with reliable quality and achievable cost. We have gained enough experience and knowledge to help you select, construct, manage and maintain the optimal greenhouse structures, and we don't mind sharing our knowledge.

FACTORY

Covering an area of 4000 square meters, SHG Greenhouse Manufacturing Co., has sets of advanced processing equipment including CNC turret punches, CNC press brake machines, shearing machines, punches of all tonnages and a variety of cutting, bending, drilling, multi-axis tapping, welding, grinding, ultrasonic cleaning and other auxiliary equipment. More important, we have a team of experienced greenhouse designers, QC engineers, and project managers, plus more than 50 skilled workers.

PRODUCTS

SHG Provides Various Kinds of Greenhouses for Your Choice: Hailnet House, Shade House, Tunnels, High Tunnels, Gutter Connected High Tunnels, Plastic, Glass, PC Greenhouse, Standalone or Gutter Connected Multi-Span Round or Gothic Greenhouse... You name it.

SHG's full line of greenhouse products are synonyms with quality and value.

MARKETS

For more than 10 years we have exported our greenhouses to US, EU, Africa, Australia and Mid East.

Adhering to the principle of customer satisfaction, we hope to help our clients achieve the greatest value by providing greenhouses with world class design and quality with affordable price.
